Subject: JRP - EIS Conference: Note regarding conference call capabilities

* This correspondence will be faxed to the following Parties:

Mr. Joseph Kochon, Ayoni Keh Land Corporation
Mr. Fred Rabisca, K'ahsho Got'ine Charter Community Council
Tribal Chief Hammond Dick, Kaska Tribal Council
Mr. Randal T. Pokiak
Mr. Gordon Yakeleya, Tulita District Land Corporation

* This correspondence will be mailed to the following Parties:

Enterprise Settlement Corporation
Mayor Edward MacCauley & Ms. Louise Reindeer, Hamlet of Tulita

Please see the below message from Paula Pacholek, Joint Review Panel Manager regarding conference call capabilities for the EIS Conference scheduled to be held June 26-29, 2005.

All Interveners,

The Joint Review Panel and the Facilitator have decided that there will be no conference call capabilities for the EIS Conference. A room of 70 to 100 participants in addition to an unspecified number of phone lines patched in by phone to the conference would be nearly impossible to facilitate and may result in logistical challenges (phone lines being disconnected etc.) which is likely to result in disruptions. For those Interveners unable to attend in-person, the Panel has agreed to accept written comments, to be received by June 29, 2005.

Regards,

Paula Pacholek
Joint Review Panel Manager
